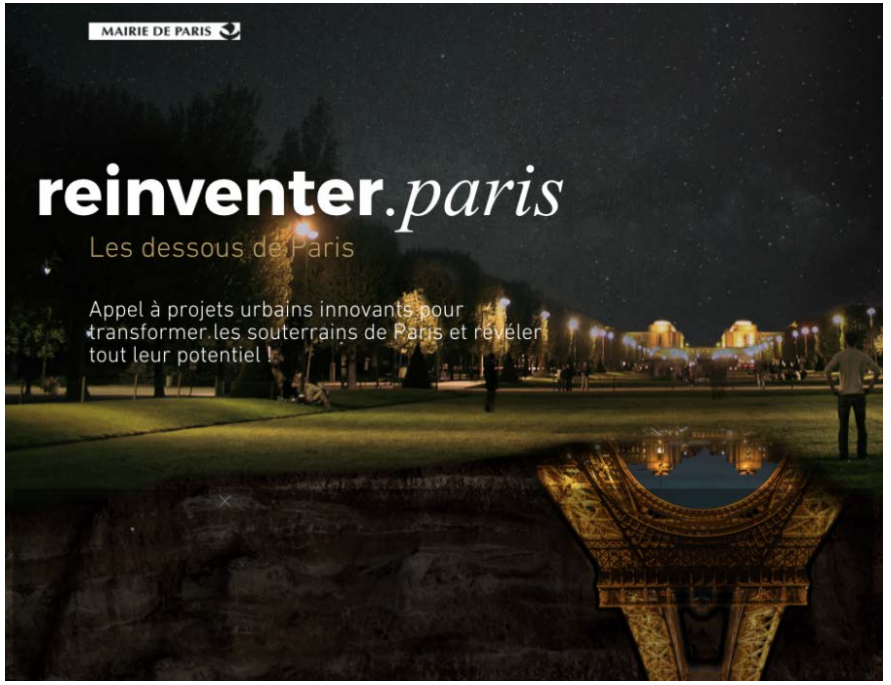
Other similar call for projects

- multi-city call for projects
- Specific focus



Now, Reinventing Cities: Solutions for Climate

With volunteer C40 cities, reshape the process at a global scale

&

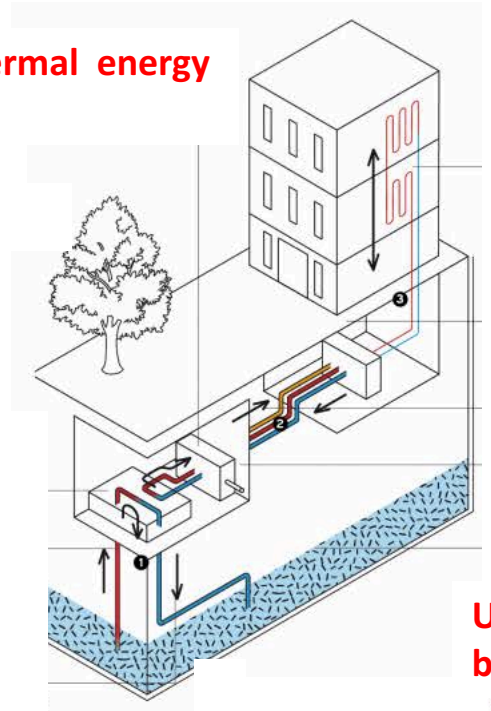
Focus on environmental issues:

- *Aspire to zero carbon*
- *Combination of the best solutions for climate*

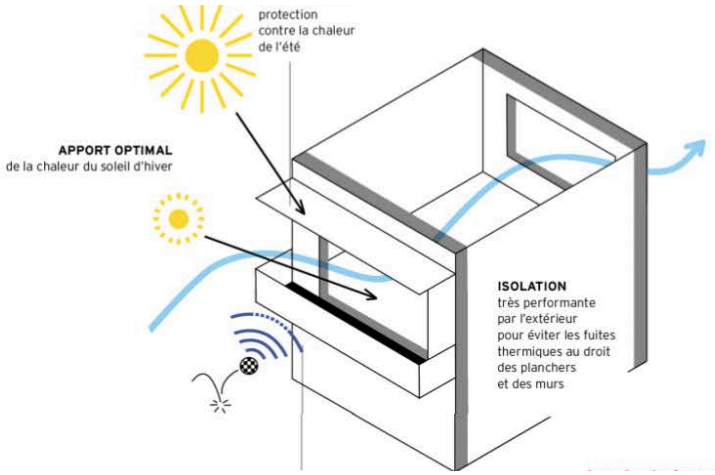
The eco-district : Clichy Batignolle

The eco-district : Clichy Batignolle

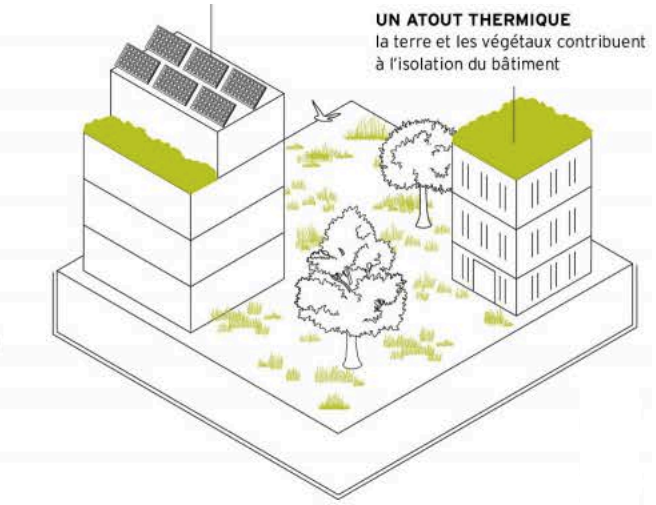
Geothermal energy



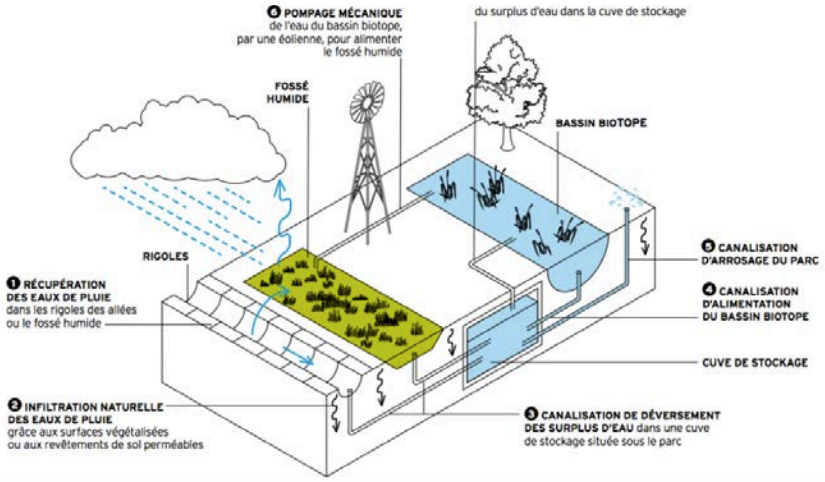
A design to reduce the energy consumption for light, heat and cooling



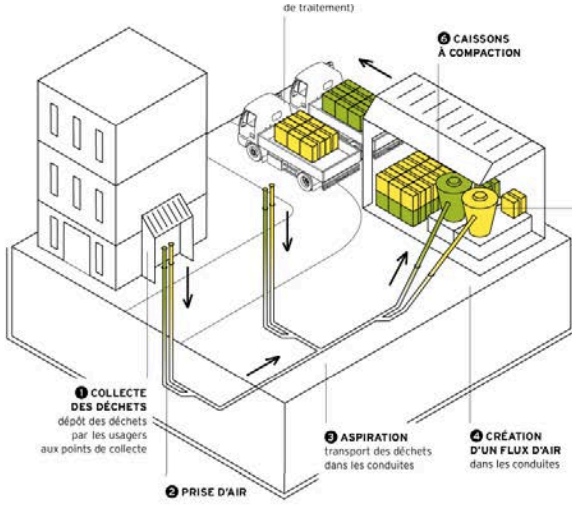
Optimized use of space. Use of the roof



Use of non-potable water: biodiversity and cooling



Pneumatic collection of waste



Chapelle International, a landmark logistic project

How C40 will run Reinventing Cities

- Overall coordination
- Assist the cities to identify their site/s
- Build the framework and include the specificities and local rules of each city
- Communication: website, events…
- An international “road show” to mobilize the private actors
- Support each city to select the best project for its site/s
